

State Reporting v15.1.1 resolves an issue to improve your experience. This overview explains the recent change.

Resolved Issue

Student Reporting Collection (S)

- (D10215) The **Transfer - Student Attributes - No Date (FN)** option on the Student Reporting Collection (S) transfer screen was inadvertently disabled in school years 2014-15 and 2015-16. Since you could not select this option, FN records were not included in the transfer file. In this release, the option is re-enabled.
