StudentInformation v16.1.3 resolves some issues to improve your experience. This overview explains the recent changes.

Resolved Issues

Edit Student Profile

- (D11277) Previously, on the **Edit Student Profile** screen, with a student in context, when you clicked on the **FD-Attributes** tab, the screen automatically scrolled to the bottom. Now, when you click the **FD-Attributes** tab or switch to another student with the tab in context, the screen stays at the top.

ACT Scores

- (D10892) Previously, on the **ACT Scores** screen, the **Progress Toward Career Readiness** drop-down list incorrectly listed **NRCR**. Now, the drop-down list correctly lists **NCRC**.

Portal Documents

- (D11260) Previously, on the portal, after adding a new document via **URL to Browse**, when you tried to access it, you received the error **File Not Found On System Or Access Denied**. Now, you can access new **URL to Browse** documents on the portal without receiving an error.

Feedback Form

- (D11307) The **DASL Feedback Form** window is now renamed **Feedback Form**.
- (D11307) Previously, after you submitted a feedback form, the messages, "Your feedback has been submitted. Thank You!" and "Thank you for your feedback about the DASL application. Please complete the form below and click on the Send button to send this information to your ITC support representative" displayed with a **Send** and **Cancel** button below. Now, after you submit a feedback form, the message, "Thank you for your feedback about the Student Information application" displays with a **Close** button below.

Class List Formatter (R703)

- (D11093) Previously, when you ran the **Class List Formatter (R703)**, if a student had an inactive primary contact, the student displayed twice in the report. Now, students with inactive primary contacts only display once.

Transcript Formatter (R702)

- (D11335) Previously, when you ran the **Transcript Formatter (R702)** with a format that used the CourseDifficultyCode keyword, an error occurred. Now, the **Transcript Formatter (R702)** runs successfully regardless of the format or keyword used.

StateReporting v16.1.3 provides several new features to improve your experience. This overview explains the recent changes.

Enhancements

For more information about an enhancement, see the product guide referenced in parentheses.

KRA

- Error Band scores are no longer required for KRA assessments.
  - Now, when you enter or edit a KRA assessment, if an Error Band score is entered as or changed to a blank, you can save without error. Changing an Error Band score to blank overrides the original score.
  - Now, the add KRA assessment window sorts the scores in this order:
    - Language Literacy
    - Mathematics
    - Physical Development
    - Social Foundations
    - Overall Individual Student Report
    - Language Literacy - Error Band
    - Mathematics - Error Band
    - Physical Development - Error Band
    - Social Foundations - Error Band
  - (*ProgressBook StudentInformation Assessment Guide*)

APPTUPEMIS

When you report the hours that a student attended or missed using the EMIS FS Transfer, ATTUPEMIS now includes the absences entered outside the range of the master calendar to calculate the attending and absent hours accordingly.

Registration Wizard

- Now, on the **Student Registration Wizard** screen **Registration Pre-requisites** tab, you can select the **Student is a Non-Attending Graduate** check box to indicate that the student is a non-attending graduate (Grad-Only). Upon selecting this check box and clicking **Next**, the registration wizard enters Grad Only Registration Mode.
  - Non-Attending Graduates (Grad-Only) students can only be registered at community schools and traditional schools.
  - Transfer students can not be registered as Non-Attending Graduates (Grad-Only).
  - Now, if a previously withdrawn student is registered as a Non-Attending Graduate (Grad-Only) student, their **Diploma Type**, **Graduation Date**, **Expected Graduation**

Date, **Courses Completed IRN**, and **Courses Completed Date** update according to set Grad-Only parameters.

- Now, only for Non-Attending Graduates (Grad-Only) students, the **FN-Graduate** tab now includes the fields **Courses Completed IRN** and **Courses Completed Date**.

- Now, only for Non-Attending Graduates (Grad-Only) students, the **General** tab and **FN-Graduate** tab display the notification, "This Student is a Non-Attending Graduate."

- On the **FS-Standing** tab, the **EMIS Situation** drop-down list now includes EMIS Situations **600 - Grad Only Student, Not Enrolled** for traditional districts and **601 - Grad Only Student, Not Enrolled** for community schools.

  (*ProgressBook StudentInformation Student and Registration Guide*)

Assessment Transfer – Collection (A)

- Now, when FY2016-2017 or any FY forward is in context, KRA (GO) transfer files no longer include Error Band scores even if they exist for a student.

- Now, Non-Attending Graduates (Grad-Only) students are excluded from all Collection A processes.

Grad Progress Transfer – Collection (R)

- Now, Non-Attending Graduates (Grad-Only) students are excluded from all Collection R processes.

EMIS – Verify/Update and Transfer Period (G)

- Now, the Period G **Verify - Student Ohio Graduation Test** process includes Non-Attending Graduates (Grad-Only) students.

- Now, the Period G **Verify - Graduate Demographics / Attributes** process checks the Diploma Date and Diploma Type reported for errors for Non-Attending Graduates (Grad-Only) students.

- Now, the **Transfer - Student Graduate Demographics / Attributes** process includes the elements **Courses Completed IRN** and **Courses Completed Date** for Non-Attending Graduates (Grad-Only) students.

- (E11378)Now, all assessment transfers send End of Course records that the student took in any year, not just the year in context.

  - (E11377) Students registered through the new Grad Only process who have End of Course Assessment Records are now included in the Period G Assessment Transfer, as well as their records from prior years if they were enrolled in the district and have End of Course Assessment Records.

- Now, when FY2015-2016 or any FY forward is in context, **Transfer - Student Graduation-Only Test Record** is no longer a selectable option as Grad Only data is collected using Graduate Attributes (FN), Demographics (GI), Ethnicity (GJ), and Assessment Transfers.

- Now, the **Verify/Update - Graduate CORE Summary** process calculates CORE Summary records for Non-Attending Graduates (Grad-Only) students if they have a course history record that is high school credit. If the Non-Attending Graduates

(Grad-Only) student does not have any course history records that are high school credit, existing manually-entered records are not deleted or altered.

- Now, Non-Attending Graduates (Grad-Only) students are included in all Period G transfers.
  - Any assessment records for Non-Attending Graduates (Grad-Only) students are included in all Period G FA transfer files if their enrollment date is between the first day of school and the day before the first day of school of the upcoming school year.

Staff/Course Transfer – Collection (L)

- Now, Non-Attending Graduates (Grad-Only) students are excluded from all Collection L processes.

Student Transfer – Collection (S)

- Now, Non-Attending Graduates (Grad-Only) students are excluded from all Collection S processes.
- Now, the **Transfer - Student Attributes - No Date (FN)** process includes the elements Courses Completed IRN and Courses Completed Date for Non-Attending Graduates (Grad-Only) students.

EMIS Situations

- (E11373,11365) A script has been provided for an update regarding Preschool EMIS Situations. Students in ECE, regardless of the resident district, are to have "E" reported for the How Received Element. The script updates the How Received Element for eligible students to "E." The script also updates the ELPA mode column to the correct position on the Pre-Identification file for Next Generation, End of Course, and OELPA assessments.
