Resolved Issues

StudentInformation

Automatic Marks

- (D10814) Previously, when students had automatic marks calculated and then dropped the course, the next time the school calculated automatic marks, any dropped courses with prior automatic marks had those marks removed. Now, the automatic marks for dropped courses are always retained.

StateReporting

Transfer - ACT (AC) process

- (D12534) Previously, the Period A and Period G **Transfer - ACT (AC)** process incorrectly reported ACT Writing sub scores instead of the Writing Subject score. Now, the **Transfer - ACT (AC)** process only reports the Writing Subject score.
